StockX Case # CAS-855896-V6R0Z9 Returns / Exchanges

I've reached out twice now, this being the third regarding the wrong color way arriving after I purchased a different color way. I was given two options and option two (Have the item returned using a prepaid shipping label for review of the sneaker. If determined by our quality assurance specialists that this is indeed the wrong sneaker, a full refund would be issued to your form of payment. Once approved, the refund may take 3-5 business days from the date processed to reach you.) is the only one that applies as I do not want to keep the wrong shoe or go through the process of reselling a shoe I for one don't want and two didn't pay for as I paid for the Purple dusk. I will gladly send them back for a full refund, and then purchase another shoe in the coming weeks after I am refunded. If you could give me the information I need to send the package back that would be appreciated.

Hey Mitchell,

I'm sorry, however, it looks like your previous message failed to reach me. I'm still willing to help you out with this mix-up, just let me know which option you decide will be best.

Thank you,
